Please refer to the **Ambrose Video Linking Instructions** for help on linking to Ambrose Video clips.

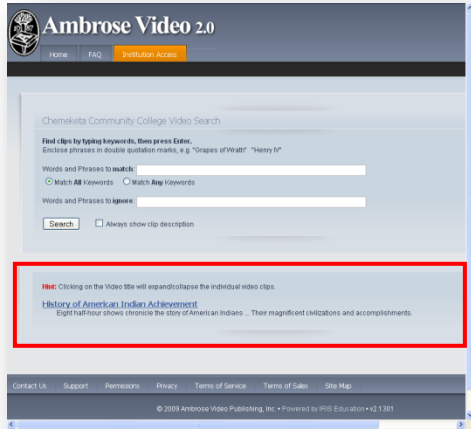

1. Browse to - <http://proxy.chemeketa.edu/sites/go/Ambrose>

2. Enter your My Chemeketa username & password

A screenshot of a "Proxy Login" form. The form has a title "Proxy Login" and a "Login" button. There are two input fields: "Username:" and "Password:". A red arrow points to the "Username:" field. Below the input fields is a note: "*Please use your My.Chemeketa username and password to login." At the bottom of the form, it says "Access is restricted to current students, staff, and faculty".

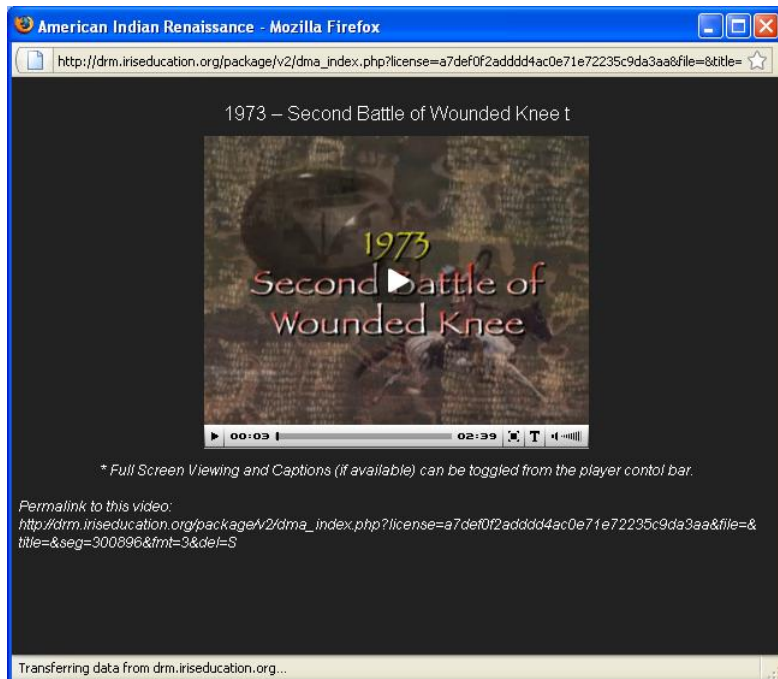

3. View the list of clips on the Ambrose Institution Access page

4. Click on the Video title, click on Play Video

5. Preview the Video clip

Ambrose Video

Linking Instructions

To link to Ambrose Video resources, follow directions below.

1. Under **Institution Access** page, scroll down to locate the video clip you want to link to.
2. Click on the **Video title** to expand the individual video clip, click on the **Play** link to view the video
3. The video will open in a new pop-up window. Highlight & copy the ***permalink**.
4. **Paste** the permalink into eLearn or your faculty web site.
5. Copy & paste the **proxy prefix** listed below to the front of the video permalink (so that the viewer's computer is instructed to send the request through the proxy server).
